

Is Your Child an Auditory Learner?

5 Signs to Look For

Loves Listening to Stories

1

Your child gets lost in the world of audiobooks and enjoys being read to. They love the rhythm and flow of spoken words.

Remembers Songs Easily

2

Your child has a knack for memorizing lyrics and tunes. They might sing along to their favorite songs or easily learn new music.

Asks Lots of Questions

3

Your child has a curious mind and loves to learn through asking questions. They seek verbal explanations and enjoy getting detailed answers.

Enjoys Class Discussions

4

Your child actively participates in classroom conversations and thrives on exchanging ideas verbally. They express themselves well and listen attentively to others.

Imitates Sounds or Voices

5

Your child enjoys mimicking voices, accents, animal sounds, or everyday noises. They have a playful ear for sound and like to experiment with their voice.
